Winter Holiday Homework
Class – III

English – Do the English holiday homework neatly on an A4-sized ruled sheet.

Q 1. Read the following passage carefully and answer the questions that follow.

The Kind Elephant

In a lush green jungle, there lived an elephant named Ella. Ella was not only strong, but also very caring. She often helped other animals in the forest. One hot summer day, the jungle's waterhole dried up, leaving all the animals thirsty. Ella decided to help. Using her muscular trunk, she dug deep into the dirt until water began to flow. All of the animals were pleased and grateful for her efforts. Ella explained that helping others makes her happy. The next day, a small bird got stuck in a thorny bush. Ella gently used her trunk to free the bird. The bird chirped, "Thank you, Ella. You are a true friend." Ella smiled and went about her day, knowing that simple acts of kindness can make a big difference.

A. Fill in the Blanks:

1. The elephant's name was _____.
2. Ella used her _____ to dig the ground for water.
3. The bird was caught in a _____ bush.

B. How did Ella help the animals during the summer?

C. What did the bird say to Ella?

D. What problem did the animals face in the summer?

E. Why did the animals thank Ella?

F. Circle the verb in the sentence:

- Ella dug deep into the dirt.

G. Identify the adjective in the sentence:

- Ella was a caring elephant.

H. Fill in the blank with a suitable preposition:

- The bird was stuck ___ a thorny bush.

I. Rewrite the sentence using 'and':

- Ella was strong. Ella was caring.

J. Find a synonym for "thankful".

K. Find an antonym for "roughly".

Q 2. You are Rohan/ Radhika. Write an application to the Principal requesting leave for four days to attend your grandparents' wedding anniversary out of Delhi.

Q 3. Write a paragraph on the topic 'India – My motherland' in 80 to 100 words.

PRACTICE WORKSHEET

CLASS 3

SUBJECT : SOCIAL SCIENCE

Class & Sec- _____ **Name** _____ **Roll no.** _____ **Date** _____

Ch-13,14,15, 17

1. What do you mean by metropolis?

2. Differentiate between import and export?

3. When and where was the first railway line of India started?

5. Name the popular sports played in Kolkata and write a short note on it ?

6. Explain the physical divisions of Chennai?

7. What can you say about the culture and traditions followed in Tamil Nadu?

8. What is an Email?

9. Define Information Technology?

PRACTICE WORKSHEET

CLASS 3

SUBJECT : SCIENCE

Class & Sec- _____ Name _____ Roll no. _____ Date _____

Q1. Ravi saw a bird with a long beak near the pond. It was catching fish from the water.

i. Which bird could it be?

ii. Why does it have a long beak?

iii. What does this bird eat?

Q2. After rain, Riya noticed that water stayed for a long time on the ground and the soil became sticky.

i. Which type of soil is this?

ii. Is this soil good for water storage?

iii. Write one use of this soil.

Q3. Write whether given statements are true or false. If false correct the statement.

i. Clayey soil has enough space to hold air.

ii. Humus is formed from dead remains of plants only.

iii. Crows and sparrows are perching birds.

iv. A wood pecker makes a nest on the ground.

v. Earthworms are called Farmer's friend.

Q4. A student collected soil samples from three places:

*** Sample a is sticky and holds water for a long time.**

*** Sample B is loose and drains water quickly.**

*** Sample C is a mixture of sand, clay and humus**

i. Identify the type of soil in samples A, B and C.

ii. Which soil is best for farming and why?

Q5. Answer the following in one word.

i. Feathers found in wings and tail. These are used in flying.

ii. A bird that stitches leaves to make its nest.

iii. The type of soil used to make glass and cement.

Q5. Activity-

Look at the night sky everyday and observe the shape of the moon. Also draw shapes of the moon along with the dates on an A4 size sheet.

Note- Read all the chapters of Term 2 thoroughly.

Learn Ch- 2 Soil and Ch-5 Birds.

Practice Worksheet

Class III

Subject: Maths

Q1. Multiply using repeated addition:

1) $5 \times 4 = \underline{\hspace{2cm}}$
($5 + 5 + 5 + 5 = \underline{\hspace{2cm}}$)

2) $3 \times 6 = \underline{\hspace{2cm}}$
($3 + 3 + 3 + 3 + 3 + 3 = \underline{\hspace{2cm}}$)

Q2. There are 6 baskets. Each basket has 4 apples.

How many apples are there in all?

$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$ apples

Q3. A teacher gives 5 pencils to each of 8 students.

How many pencils are needed?

$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$ pencils

Q4. Write the unit (cm / m / km/g/kg/L/mL)

- 1) Length of an eraser $\underline{\hspace{2cm}}$
- 2) Height of a door $\underline{\hspace{2cm}}$
- 3) Weight of a dog $\underline{\hspace{2cm}}$
- 4) Petrol in a tank $\underline{\hspace{2cm}}$
- 5) Length of a playground $\underline{\hspace{2cm}}$
- 6) Weight of a chocolate $\underline{\hspace{2cm}}$
- 7) Ink in a pen $\underline{\hspace{2cm}}$

Q5. A ribbon is 4 metres long. Another ribbon is 2 metres long.

How much longer is the first ribbon?

Answer: $\underline{\hspace{2cm}}$ m

Q6. Rina walks 2 km to school from her home and then back to home.

How much distance does she walk in all?

Answer: $\underline{\hspace{2cm}}$ km

Q7. Which is heavier: 1 kg cotton or 1 kg iron? $\underline{\hspace{2cm}}$

Q8. Which unit is used to measure weight of vegetables? (cm, g, m) $\underline{\hspace{2cm}}$

Q9. Meena buys 1 kg of apples and 500 g of grapes.

What is the total weight?

Answer: $\underline{\hspace{2cm}}$ g

Q10. Which holds more water: a bucket or a cup? $\underline{\hspace{2cm}}$

Q11. Riya drinks 500 ml of milk in the morning and 500 ml in the evening.

How much milk does she drink in a day?

Answer: $\underline{\hspace{2cm}}$ ml

Q12. Fill in the blanks:

1) Division means $\underline{\hspace{2cm}}$ sharing.

2) $12 \div 3 = \underline{\hspace{2cm}}$ 3) $20 \div 5 = \underline{\hspace{2cm}}$ 4) $15 \div 1 = \underline{\hspace{2cm}}$

5) $14 \div 14 = \underline{\hspace{2cm}}$ 6) $\underline{\hspace{2cm}} \div 2 = 0$ 7) $41 \div \underline{\hspace{2cm}} = 41$
